

SALE

NEW YEAR SALE 2021

Standard service for hydropneumatic hand tools

It is time again to maintain your tools in order to have a productive and smooth start of 2021!

Our special offer for standard service for hydropneumatic hand tools:

Devices: Riveting tools, blind riveting tools, and blind rivet nut tools.

Device brands: KVT, POP, Avdel, Stanley, Lindova, etc.
(e.g. KVT912, PNT100LPC, Avdel 742, XT1 – 3, XTN20, etc....)

Service includes:

- Overall examination of the tool
- Cleaning
- Oil change (incl. required hydraulic oil)
- Function check

Special price: € 85,- excl. shipping costs

Promotion period: January - March 2021

Instructions and conditions

1. The device must be properly packaged and has sufficient postage.
2. Provide about 10 of the fasteners you are using so that we can test your device under your requirements.
3. Enclose the promotion flyer with the contract form for the device, this will then immediately count as an order for us. (We do not send an offer, so the service is carried out immediately and the device is returned to you. If the device requires spare parts, then you would receive a separate offer in advance.)
4. Send the device to:
KVT-Fastening GmbH, Servicechnik, Im Südpark 185, A - 4030 Linz / Pichling
